Dear People of DIGNITY / San Diego,

Recently I noticed in The Hummingbird notice of a Program on Gay ministry for the priests of your diocese. This morning I received the National Newsletter and once again found notice of this event from your calendar.

Here in Sacramento we are just beginning our outreach program to the clergy of the area. It is difficult and although we have the support and encouragement of the auxiliary bishop, we are somewhat at a loss as where we should begin.

I would greatly appreciate any information you might have both in regard to how you went about setting up this workshop and the materials used at the workshop itself. With such input I think we would all be better prepared to offer a similar program in the not too distant future.

Please give Walter Kay my regards and tell him that I hope to see him at the Regional Conference during the Memorial Day Weekend in San Francisco.

Peace and All Goodness,

Larry Tozzer

Chaplain
DIGNITY/ Sacramento
