Dear Mr. McArron:

Again I am calling upon the good people of Dignity to provide a speaker for my class in human sexuality at the University of San Diego. The class has grown from 15 to 48 students and I would very much appreciate it if you could provide a speaker or speakers, on November 3, 1976, at 11:15 a.m. I am also inviting two speakers from the Gay Student Union at San Diego State University to be on the same program.

I believe that the input your group gave last year was of great value to the class and certainly hope similar arrangements can be made again this year.

Sincerely,

Dr. Ross E. Dingman
Professor of Biology
